Shurooq

“We have been exhibiting at workspace for over 10 years as it is the business hub of the Middle East. We are also able to meet all of our GCC clients under 1 roof.”

workspace at INDEX In The News!

Through media partnerships & press release content, over 253 stories about the INDEX Design Series were published online & in print. The total reach amounted to an international audience of 90 million+.

A Few Highlights From The Show:

Active Learning Ecosystem:

Visitors experienced how training rooms in corporate offices or classrooms can transform a passive learning environment to an active one, by sheer change of configurations. OFIS, authorized Steelcase dealer, curated this installation.

Design Talks sponsored by OFIS:

Attendees benefited from the cutting-edge CPD certified educational content focused on the business of design. 50 speakers delivered live & spontaneous panel discussions on the latest trends, challenges & forecasts.

The Harrods Interiors VIP Oasis:

Harrods Interiors, born from the world's most exclusive department store, supplied unrivalled luxury marking their first venture into the UAE with a five-star VIP Oasis.

“Attending exhibitions like workspace helps us overcome a lot of the downturn in the economy because it puts us on a pedestal; it allows us to showcase what we can do. It is very important to get out there, meet with people, to discuss and to give solutions and that is the main reason why we are here at workspace.”

Ben Woods, General Manager, OFIS

Dates for your diary: 26 - 29 March 2018
