INDEX

INDEX is an exclusive flagship event that will be held from the 26th to 29th March 2018 at the Dubai World Trade Centre and after 27 years stands out as the largest and longest running event dedicated to Interior design in the MENA region. INDEX covers the entire spectrum of products required for the design, upgrade of residential, retail, and hospitality spaces in the Middle East.

INDEX is the place where contractors and consultants come shopping for materials. That is very important for us. We will return as we've found that a lot of the contacts we made have been very positive. There's no one who came just to look into the stand – they were all serious buyers and business owners."
