NEW DEDICATED ZONES FOR 2019

# NOW IS THE TIME FOR YOU TO INVEST IN SAUDI ARABIA

Saudi Arabia's economy is entering a post-oil era in which the kingdom's mega-cities, a number of which are under construction, will provide the country's future growth. More than 80 mega projects, each worth at least \$1 billion are underway or planned for completion by 2030 in Saudi Arabia.

The Big 5 Saudi, running successfully for 8 years now, attracts high profile buyers and decision makers from private and government sectors involved in the planning and execution of these vast budget projects.

“Participating in The Big 5 Saudi puts us in direct contact with decision makers and customers for us to showcase our latest developments.”

Naser Al Zamil, Vice President,  
Government Sector, Zamil Industrial
