## WHAT OUR VISITORS HAD TO SAY

As an architect we are always on the look out to find new and innovative products in the market. This year I was looking for spa and outdoor related products and found some really good options. I visit the show every year without fail and will definitely be back next year.

Anne Magdalene Dela Fuente, ArchitecRezidor Hotels APS Danmark

I decided to visit The Leisure Show to look for prospect suppliers with new and innovative products. I am really amazed by the show and was able to meet with so many new suppliers with interesting products from across the globe under one roof. I will definitely be back next year.
