WELCOME TO THE LARGEST GATHERING OF SAUDI ARABIA'S ENTERTAINMENT & LEISURE INDUSTRY

In the years since its inception, Saudi Entertainment and Amusement (SEA) expo has already established itself as the largest platform for international and local suppliers of entertainment & leisure products and services to interact and do business with 5000+ key buyers who play an integral role in Saudi Arabia's USD 64 billion emerging leisure market.

The brainchild of dmg events, the event was launched in Saudi Arabia just at the right time when the Kingdom began embracing transformation. From reducing oil dependence and opening up markets to global investors and focusing on entertainment & leisure, the Kingdom is set on a new historic path of growth in line with Vision 2030.

With hundreds of entertainment centres, cinemas and theme parks already under construction, not to mention the mega projects, the demand for suppliers and manufacturers to cater to this demand is at an all-time high.

The three day annual event allows suppliers the rare opportunity to interact face-to-face with a steady flow of engaged industry professionals. It serves as a platform to increase brand awareness, attract new clients, generate leads and network with the industry to deliver real return on investment.

“This is our second year exhibiting and we're very happy with the outcome of the show. Everyone from Saudi who is important to the entertainment & leisure industry has visited the event. Our business looks very positive.”

THE OPPORTUNITIES THAT LIE AHEAD FOR YOU

Developing entertainment, leisure & recreation within the Kingdom is an integral part of Saudi Arabia's Vision 2030. This move is set to reduce the Kingdom's dependence on oil and is backed by the Public Invest Fund, which is worth in excess of USD 400 billion. A slew of mega projects have been set in motion, increasing the demand for entertainment and leisure products, services and technology to an all-time high in the Middle East.

Project:
AMAALA

Dubbed the 'Riviera of the Middle East', the development will consist of 2,500 hotel rooms and 700 private residential villas along with a retail area with 200 outlets. The 3,000 square kilometre development, which will be spread across the three sites, will have its own airport and target luxury travellers and entertainment and leisure facilities and is expected to be completed in 2028.

Project:
NEOM CITY

This mega project worth USD500 million, will have a new megacity on the Red Sea near Saudi Arabia's northeast border with Egypt and Jordan and cover an area about thirty-three times the size of New York City. The first phase is expected to be completed by 2025.

Project:

RED SEA DEVELOPMENT

This mega project encompasses an archipelago of more than 90 pristine islands, miles of sweeping desert and dramatic landscapes that include volcanoes, and canyons. It has been designed with a strong focus on heritage, culture and conservation and will provide 8,000 new hotel rooms once completed.

Project:

MAJID AL FUTTAIM VOX CINEMA & AMC ENTERTAINMENT HOLDINGS

Majid Al Futtaim will invest USD 533 million to open 600 multiplex cinemas in the next five years in Saudi Arabia. In addition to this, US-based Entertainment Holdings, plans to open 100 cinemas more by 2030.

Project:

ENTERTAINMENT PROJECTS BY SEVENS

Saudi Entertainment Ventures (Sevens), a subsidiary of the Public Investment Fund (PIF), has unveiled seven entertainment development projects including a one-sq-km amusement park, three leisure and sportstyle complexes in Dammam and Khobar, and 50 cinemas across the Kingdom by 2022.

Project:

AL-QIDDIYA ENTERTAINMENT CITY

The launch of an entertainment city almost as big as Las Vegas located southwest of Riyadh, is a major development that will include theme parks, resorts, hotels and residential units. The first phase of the 334-sq.km City is due to open to the public in 2022.
