WWW.SAUDIINFRASTRUCTUREEXPO.COM

THE INAUGURAL SAUDI INFRASTRUCTURE EXPO WAS OFFICIALLY OPENED ON 6TH SEPTEMBER 2022 BY ENG. THABET AL-SAWYEED, GOVERNOR OF THE SAUDI CONTRACTORS AUTHORITY.

The most prominent names in the Saudi infrastructure community participated in this niche event open to qualified professional visitors only. The sold-out show floor included leading international solution providers covering the full spectrum of infrastructure.

Saudi Infrastructure Expo is a catalyst for infrastructure development and a business platform focused on convening the greatest minds. It has firmly established itself as the Kingdom's premier event for showcasing and discussing what's required to fulfill Saudi Arabia's Vision 2030 plans.

“Contracting is the second largest sector in Saudi Arabia, representing 6% of the GDP. It encompasses 170,000 entities, 98% of which are small and medium enterprises. There are 3m workers in this sector, out of which 13% are Saudi nationals, representing 21% of the country's workforce.”

Eng. Thabet Al-Sawyeed
Governor
Saudi Contractors Authority (SCA)

SOME OF OUR TOP EXHIBITORS THIS YEAR:

EXHIBITORS REPRESENTED 14 COUNTRIES:

“We are here participating in this expo as one of our initial steps to open our branch in Saudi which we are enthusiastic and keen to do. We have established some hot contacts already so thanks to the sponsors and thanks to the organizers. It has been a unique and wonderful experience for Galfar and we will participate next year.”

Badar Abri
Vice President Strategy and Business Development
Galfar Engineering & Contracting

INTERESTED IN EXHIBITING AT THE 2023 SHOW?

GET IN CONTACT

We came here with the aim to meet our suppliers and sister companies and listen to our partners to give us ideas. It's been exciting looking around the halls to see the infrastructure solutions we can adopt in our projects.

Mark Graham
Executive Director, Technical Engineering
ROSHN

SUMMIT OVERVIEW

The Saudi Infrastructure Summit brought senior private and public sector stakeholders together to collaborate and deep dive into the challenges and opportunities around the Kingdom's infrastructure evolution. These inspiring conversations, debates and immersive learning experiences support the government's ambitions Saudi Vision 2030 targets to attract 100 million annual visitors to the country by 2030 and provide it's citizens with cities of the future.

CONFERENCE THEMES:

CONNECTIVITY

RESILIENT TEAMS

COLLABORATION

INNOVATION

“Projects and giga projects can integrate, rather than compete. Some are of industrial nature, some residential, some hospitality. Some are dependent on private sector collaboration, some are government-led. This project diversity is very rare to happen in the region, and I dare say in the world.”

Amr Salah
Infrastructure Development Executive Director
Royal Commission for AIUla
